### **Lesson Plans**

Comprehensive on various sustainability topics

<http://ceres.ca.gov/tcsf/seg/page3.html>

Earth's Ecology and Habitat (Grades K-5)

<http://school.discoveryeducation.com/lessonplans/programs/earthsecology/>

<http://school.discoveryeducation.com/lessonplans/programs/habitats/>

Aquatic Habitats, Ecosystems, and Pollution (Grades 6-8)

<http://school.discoveryeducation.com/lessonplans/programs/aquatichabitats/>

<http://school.discoveryeducation.com/lessonplans/programs/yosemite/>

<http://school.discoveryeducation.com/lessonplans/programs/finiteoceans/>

Landscape and Place (Grades 8-12)

<http://www.pbs.org/art21/education/naturalworld/lesson2.html>

### **Environment**

Climate Change (Global Warming)

Ecosystems

Deforestation

Carbon footprints

Pollution/Air quality

### **Energy Consumption/Use**

Renewable resources

Recycling

Conservation

Kyoto Protocol

Farming/Agriculture/ Organic farming

### **City Living**

Urban planning/Urban Sprawl

Green development

Public transportation

### **Sustainable Lifestyles**

Balancing work and play/Managing stress

Living with the seasons/ Living with less

Backyard/indoor gardening

Buy local/Farmer's Market
